MISSION 01 · EARN

Let’s earn some money!

Your pretend week starts here.
Pick a job. Make a plan. You’re in charge!

My name _____ **Date** _____

1 Pick a pretend job

Choose one. You work a pretend 40-hour week: 8 hours a day, 5 days a week.

Artist
Make colorful designs
$20 / hour

Animal helper
Care for furry friends
$25 / hour

Game maker
Create games and puzzles
$30 / hour

2 Find your weekly income

Income is money you earn. Multiply your hourly pay by 40 hours.

Work rule: 40 hours per week

Weekly pay calculation _____ × **40** hours = _____

Total weekly income
Your earnings before taxes, bills, and savings. _____

Our pretend world

All amounts are pretend dollars for one week. The 40-hour work week is a simple example, not advice about real jobs. Actual pay, rent, food, and bills vary. Taxes are left out to keep this first money plan simple.

★ OPTIONAL · TRY A CHALLENGE

What would you earn in 4 weeks?

_____

MISSION 02 · NEEDS

A home. Food. A way to go.

A **need** helps you live and stay well, like food and a safe home. Choose one home and one way to travel for your pretend week.

1 Choose your home

Different choices leave different amounts of money.

Small apartment

$300 / week

Townhouse

$400 / week

House

$500 / week

2 Choose how to travel

These pretend prices include all travel costs for the week.

Walk or bike

$0 / week

Bus

$50 / week

Car

$150 / week

3 Add up your needs

Food costs $150. Water and electricity cost $50. Add all four needs.

My home	_____
My travel	_____
Food	$150
Water & electricity	$50
My total needs	_____

Why did you choose this home or way to travel?

MISSION 03 · SAVE & SPEND

Save first. Then a little fun!

Saving means keeping money for later. A **want** is something you enjoy but can live without. Plan your savings before your wants.

1 Give your savings a goal

It can be something special—or money for a surprise need.

I'm saving for... _____

Money I will save this week $ _____

2 Choose a little fun

Pick one. Free fun counts, too!

Play at the park
$0 / week

A small treat
$25 / week

A movie trip
$50 / week

Money for savings	_____
Money for my want	_____
Savings + wants	_____

One need and one want in my own life:

_____

_____

_____

★ OPTIONAL · TRY A CHALLENGE

If you save the same amount for 4 weeks, how much will you have?

_____

MISSION 04 · CHECK

Make your money fit.

A **budget** is a plan for your money. Let's see if your income covers your needs, wants, and savings.

Money I earned	_____
Money for needs	_____
Money for savings	_____
Money for wants	_____
Money I planned	_____

Income – money planned =

Money left over _____

If your answer is below $0, change a choice. If it is $0 or more, your plan fits!

1. Does your plan fit? What could you change?

2. Which need or want costs the most in your plan?

3. Surprise! You need to replace something that broke. It costs $10. Can your leftover money cover it? What else could you do?

★ OPTIONAL · TRY A CHALLENGE

What percent of your income did you save?

(Savings ÷ income) × 100. A calculator can help.

_____

Name: _____ You practiced earning, choosing, saving, and planning. That's a money skill!
